

Technical Circular

No.: 036/2016

Date: 18th October 2016

To Whomsoever it may concern

Subject: Marshall Islands – Advance Notice of Policy Change – Handling of SSAS Transmissions.

1. Republic of Marshall Islands has issued Ship Security Advisory No. 11-16 (copy attached) informing change in the Administration policy towards handling of Ship Security Alert System Transmissions.
2. With effect from 01 April 2017, the Administration will no longer receive SSAS alerts directly from any vessels.
3. Shipping companies are required to designate either an internal appointee (preferably the Company Security Officer (CSO) or Alternate Company Security Officer (ACSO) or an external, qualified third party to serve as the “Competent Authority” to receive all SSAS alerts and take appropriate action.
4. The Competent Authority to acknowledge and respond to all test messages directly, ensuring the proper functioning of SSAS equipment and verifying the accuracy of the transmitted data without the need for acknowledgement of receipt by the Administration.
5. Only the real SSAS alerts and unresolved alerts are to be forwarded by the Competent Authority (Company or Company appointed qualified third party) to the Administration at: dutyofficer@register-iri.com
6. In view of above, the Administration recommends Companies to ensure that the SSAS unit is reprogrammed so that alerts are only transmitted to the designated Competent Authority and the Administration’s email address be removed from the unit’s program.
7. Ship’s Security Plan (SSP) is also to be revised accordingly and no special approval by RSO is required for above revision.

. This Technical Circular and the material contained in it is provided only for the purpose of supplying current information to the reader and not as an advice to be relied upon by any person.
. While we have taken utmost care to be as factual as possible, readers/ users are advised to verify the exact text and content of the Regulation from the original source/ issuing Authority.

8. Ship Owners / operators and masters of RMI flagged vessels are advised to be guided by the attached security advisory and schedule the reprogramming of SSAS unit accordingly. The Administration has also advised that vessel operators may implement this changed procedure at any time prior to the official implementation date of 01 April 2017.

Enclosure:

1. Republic of Marshall Islands Ship Security Advisory No. # 11-16.

Whilst the utmost care has been taken in the compilation of the Technical Information, neither Indian Register of Shipping, its affiliates and subsidiaries if any, nor any of its directors, officers, employees or agents assume any responsibility and shall not be liable to any person for any loss, damage or expense caused in any manner whatsoever by reliance on the information in this document.
