

CERTIFICATE COURSE IN PORT OPERATIONS MANAGEMENT - PORT HEDLAND

COURSE OBJECTIVES-

This course focuses on ensuring compliance with port schedules, guidelines, and safety protocols, covering key areas such as main engine utilization, Under Keel Clearance (UKC), mooring practices, and Port State Control inspections.

ABOUT THE COURSE-

This course focuses on the operational requirements and safety protocols essential for bulk carrier operations in Port Hedland. Covering topics such as compliance with port schedules, mooring guidelines, and safe practices during tow line handling and working at heights, it provides participants with crucial insights for navigating port operations safely and efficiently.

Additionally, the course addresses key aspects like UKC in channels, timely ballast discharge, and Port State Control inspections, ensuring a comprehensive understanding of the operational challenges and regulatory compliance necessary for successful port operations.

PARTICIPANTS-

Deck Officers, Engineers / For Bulk Carrier Vessels

DURATION-

Two days

KEY OBJECTIVES-

- Why is Port Headland So Important
- Compliance with port schedule
- Compliance with port guidelines on Main engine utilization
- UKC in channel
- Unsafe practices by ship's crew when handling tow lines
- Mooring Guidelines
- Timely discharge of hold ballast & Planning correct loading sequence
- Hold entry—Crew working in Cargo Holds
- Unsafe practices by ship's crew when working at heights
- Port State Control
- Pilotage

TRAINERS

SANJIVA MEHTA

Engr. Sanjiva Mehta, a seasoned maritime professional with over 20 years of training experience, brings a wealth of expertise to the field. Formerly with FOSMA Training Institute and Wallem Maritime, he specializes in ME Engines, Fuel Optimization, and safety management. With a background as a Chief Engineer, his leadership and technical prowess make him a valuable asset in shaping maritime education and training initiatives. His tenure as Head of Wallem Training Institute underscores his commitment to excellence in training and development within the maritime industry.

CAPT SUNIL SHUKLA

Captain Shukla, a Certified Trainer for the Marine industry, demonstrates a steadfast commitment to enhancing competency and skill development. With over 4 years of experience, he excels in delivering modular training onboard and via electronic platforms, adapting to evolving educational methods. His expertise includes comprehensive Human Resources training, particularly in QHSE practices. Additionally, he conducts SOP inductions to ensure industry best practices are integrated into maritime operations, reflecting his dedication to fostering a proficient and safety-conscious workforce.

CAPTAIN SARABDEEP SINGH MANCHANDA

Captain Sarabdeep Singh Manchanda, a seasoned maritime professional with 19 years of experience, has excelled in roles ranging from Sailing Master to Marine Auditor/Trainer. With extensive expertise in Dry and Tanker Operations, he has conducted numerous inspections, audits, and onboard training assignments, ensuring safety and operational excellence at sea. His dedication to continuous learning is evident through the completion of over 200 hours of training in critical areas like BTM, ECDIS, SIRE, Gas Tanker Operations, SMS Compliance, and Bridge Resource Management, making him a valuable asset to the maritime industry.
